---------------	----

NOTE:	This Student/Parent Handbook is based in significant part on policies adopted by the Board of Education and Administrative Guidelines developed by the Superintendent. Those Board Policies and Administrative Guidelines are incorporated by reference into the provisions of this Handbook. The Policies and Administrative Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed in 2015. If you have questions or would like more information about a specific issue or document, contact your school principal or assistant principal, or access the document on the District's website: http://www.shps.org/ by clicking on "school board" tab and then "SHPS bylaws & Policies" and finding the specific policy or administrative guideline in the Table of Contents for that section.

FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year and to provide specific information about certain Board policies and procedures. This handbook contains important information that you should know. Become familiar with the following information and keep the handbook available for frequent reference by you and your parents. If you have any questions that are not addressed in this handbook, you are encouraged to talk to your teachers or the building principal.

This handbook summarizes many of the official policies and administrative guidelines of the Board of Education and the District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior handbook and other written material on the same subjects.

This handbook does not equate to an irrevocable contractual commitment to the student, but only reflects the current status of the Board's policies and the School's rules as of October 30, 2020. If any of the policies or administrative guidelines referenced herein are revised after October 30, 2020 the language in the most current policy or administrative guideline prevails.

MISSION OF THE SCHOOL

The Iron Mountain Public School District in partnership with students, parents, and community ensures that all students:

Develop the ability to think and learn independently as well as cooperatively.

Develop values of self-discipline and form a strong sense of personal responsibility and respect for others.

Develop a foundation in which they are equipped with the knowledge, skills, and confidence to shape and respond to the future as lifelong learners.

EQUAL EDUCATION OPPORTUNITY

It is the policy of this District to provide an equal education opportunity for all students.

Any person who believes that s/he has been discriminated against based on his/her race, color, disability, religion, gender, or national origin, while at school or a school activity should immediately contact the School District's Compliance Officer listed below:

Andy Mendini
Grades EK-4 Principal
(906) 779-2626

Complaints will be investigated in accordance with the procedures as described in Board Policy 2260. Any student making a complaint or participating in a school investigation will be protected from any threat or retaliation. The Compliance Officer can provide additional information concerning equal access to educational opportunity.

PARENT INVOLVEMENT

2112 - PARENT INVOLVEMENT IN THE SCHOOL PROGRAM

The Board of Education recognizes and values parents and families as children's first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism.

The term "families" is used in order to include children's primary caregivers, who are not their biological parents, such as foster caregivers, grandparents, and other family members.

Through this policy, the Board directs the establishment of a Parental Involvement Plan by which a school-partnership can be established and provided to the parent of each child in the District. The plan must encompass parent participation, through meetings and other forms of communication. The Parental Involvement Plan shall reflect the Board's commitment to the following:

A. Relationships with Families

1. cultivating school environments that are welcoming, supportive, and student-centered;
2. providing professional development for school staff that helps build partnerships between families and schools; ^{1,2}
3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers; ^{1,2}
4. providing coordination, technical support and other support to assist schools in planning and implementing family involvement activities. ²

B. Effective Communication

1. providing information to families to support the proper health, safety, and well-being of their children;
2. providing information to families about school policies, procedures, programs, and activities; ^{1,2}

3. promoting regular and open communication between school personnel and students' family members;
4. communicating with families in a format and language that is understandable, to the extent practicable; ^{1,2}
5. providing information and involving families in monitoring student progress; ²
6. providing families with timely and meaningful information regarding Michigan's academic standards, State and local assessments, and pertinent legal provisions; ^{1,2}
7. preparing families to be involved in meaningful discussions and meetings with school staff. ^{1,2}

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children's school activities; ²
2. supporting other needs, such as transportation and childcare, to enable families to participate in school-sponsored family involvement events. ²

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school; ^{1,2}
2. helping families to provide a school and home environment that encourages learning and extends learning at home. ¹

E. Involving Families in Decision Making and Advocacy

1. involving families as partners in the process of school review and continuous improvement planning; ²
2. involving families in the development of its District-wide parent involvement policy and plan, and distributing the policy and plan to families. ^{1,2}

F. Collaborating with the Community

1. building constructive partnerships and connecting families with community-based programs and other community resources; ^{1,2}
2. coordinating and integrating family involvement programs and activities with District initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development. ^{1,2}

Implementation

The Superintendent will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the District's continuous improvement, and individual school improvement plans. The plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's effectiveness and identification of barriers to participation by parents and families. Evaluation findings will be used in the annual review of the Parent and Family Involvement policy and to improve the effectiveness of the District plan.

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and to obey all school rules. Disciplinary procedures are designed to ensure due process (a fair hearing) before a student is removed because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the student's responsibility to deliver that information. If necessary, the mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

Students must arrive at school on time, prepared to learn and participate in the educational program. If, for some reason, this is not possible, the student should seek help from Mrs. Kathi Moreau, School Counselor.

Adult students (age eighteen (18) or older) must follow all school rules.

If residing at home, adult students should include their parents in their educational program.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, lock down, tornado drills, and accident reporting procedures. Should a student be aware of any dangerous situation or accident, s/he must notify any staff person immediately.

State law requires that all students must have an emergency medical card completed, signed by a parent or guardian, and filed in the School office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should deliver written notice about such needs along with proper documentation by a physician, to the School Office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes ill during the school day should request permission to go to the office. An appropriate adult in the office will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission.

HOMEBOUND INSTRUCTION

The District shall arrange for individual instruction to students of legal school age who are not able to attend classes because of a physical or emotional disability.

Parents should contact the school administration regarding procedures for such instruction. Applications must be approved by the principal. The District will provide homebound instruction only for those confinements expected to last at least five (5) days.

Applications for individual instruction shall be made by a physician licensed to practice in this State, parent, student, or other caregiver. A physician must: certify the nature and existence of a medical condition; state the probable duration of the confinement; request

such instruction; present evidence of the student's ability to participate in an educational program.

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

In general, State law requires students to enroll in the school district in which their parent or legal guardian resides.

- unless enrolling under the District's open enrollment policy.

New students under the age of eighteen (18) must be enrolled by their parent or legal guardian. When enrolling, parents must provide copies of the following:

- A. a birth certificate or similar document,
- B. court papers allocating parental rights and responsibilities, or custody (if appropriate),
- C. proof of residency,
- D. proof of immunizations.

Under certain circumstances, temporary enrollment may be permitted. In such cases, parents will be notified about documentation required to establish permanent enrollment.

Students enrolling from another school must have an official transcript from their previous school in order to have credits transferred. Guidance Counselors will assist in obtaining the transcript, if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the District Liaison for Homeless Children with regard to enrollment procedures.

New students eighteen (18) years of age or older are not required to be accompanied by a parent when enrolling. When residing with a parent, these students are encouraged to include the parents in the enrollment process. When conducting themselves in school, adult students have the responsibilities of both student and parent.

A student who has been suspended or expelled by another public school in Michigan may be temporarily denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school in the District. Likewise, a student who has been expelled or otherwise removed for disciplinary purposes from a public school in another state and the period of expulsion or removal has not expired, may be temporarily denied admission to the District's schools during the period of expulsion or removal or until the expiration of the period of expulsion or removal which the student would have received in the District had the student committed the offense while enrolled in the District. Prior to denying admission, however, the Superintendent shall offer the student an opportunity for a hearing to review the circumstances of the suspension or expulsion and any other factors the Superintendent determines to be relevant.

SCHEDULING AND ASSIGNMENT

Elementary level

The principal will assign each student to the appropriate classroom program, Any questions or concern about the assignment should be discussed with the principal

EARLY DISMISSAL

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent, a person whose signature is on file in the School office, or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) without written permission signed by the custodial parent(s) or guardian.

TRANSFER OUT OF THE DISTRICT

If a student plans to transfer from **Iron Mountain Public Schools**, the parent must notify the principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. School records, may not be released if the transfer is not properly completed. Parents are encouraged to contact the high school front office secretary for specific details.

School officials, when transferring student records, are required to transmit disciplinary records including suspension and expulsion actions against the student.

IMMUNIZATIONS

Students must be current with all immunizations required by law or have an authorized waiver from State immunization requirements. If a student does not have the necessary shots or waivers, the principal may remove the student or require compliance with a set deadline. This is for the safety of all students and in accordance with State law. Any questions about immunizations or waivers should be directed to the front office secretary.

EMERGENCY MEDICAL AUTHORIZATION

The Board has established a policy that every student must have an Emergency Medical Authorization Form completed and signed by his/her parent in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extra-curricular activities, and co-curricular activities.

The Emergency Medical Authorization Form is provided at the time of enrollment and at the beginning of each year. Failure to return the completed form to the school will jeopardize a student's educational program.

USE OF MEDICATIONS

In those circumstances where a student must take prescribed medication during the school day, the following guidelines are to be observed:

- A. Parents should, with their physician's counsel, determine whether the medication schedule could be adjusted to avoid administering medication during school hours.
- B. The Medication Request and Authorization Form 5330 F1, F1a, F1b, and F1c must be filed with the respective building principal before the student will be allowed to begin taking any medication during school hours.
- C. All medications must be registered with the principal's office.
- D. Medication that is brought to the office will be properly secured.
 - [] Medication may be conveyed to school directly by the parent or transported by transportation personnel (bus driver and/or bus aide) at parental request. This should be arranged in advance. A two to four (2-4) week supply of medication is recommended.
 - [] Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means on or about his/her person, except for emergency medications for allergies and/or reactions.
- E. Any unused medication unclaimed by the parent will be destroyed by school personnel when a prescription is no longer to be administered or at the end of a school year.
- F. The parents shall have sole responsibility to instruct their child to take the medication at the scheduled time, and the child has the responsibility for both presenting himself/herself on time and for taking the prescribed medication.
- G. A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written instructions and the parent's written permission release.

Asthma Inhalers and Epi-pens

Students, with appropriate written permission from the physician and parent, may possess and use a metered dose inhaler or dry powder inhaler to alleviate asthmatic symptoms. Epinephrine (Epi-pen) is administered only in accordance with a written medication administration plan developed by the school principal and updated annually.

Non Prescribed (Over-the-Counter) Medications

No student is allowed to take **non-prescription** (OTC) medication while at school or at any school related activity, unless the school has on file in the principal's office a physician's prescription or order. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure. The school will not provide any over the counter (OTC) medication, if OTC medication is needed it must be provided in its original packaging by the parent/guardian.

Elementary (Grades K to 6)

Parents may authorize the school to administer a nonprescribed medication using a form which is available at the school office. A physician does not have to authorize such medication but all of the other conditions described above under prescribed medications will also apply to nonprescribed medications. The student may be authorized on the request form by his/her parent to self-administer the medication in the presence of a school staff member. No other exceptions will be made to these requirements.

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES AND PESTS

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pest, such as lice.

Specific diseases include; diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Local and State Health Departments.

Any removal will only be for the contagious period as specified in the school's administrative guidelines.

CONTROL OF NON-CASUAL-CONTACT COMMUNICABLE DISEASES

In the case of non-casual-contact, communicable-diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual-contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex (condition), HIV (Human Immunodeficiency), HAV, HBV, HCV (Hepatitis A, B, C); and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV, HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

INDIVIDUALS WITH DISABILITIES

The American's with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability. This protection applies not just to the student, but to all individuals who have access to the District's programs and facilities.

A student can access special education services through the proper evaluation procedures. Parent involvement in this procedure is important and required by Federal

(IDEA) and State law. Contact Donny Bianco, building principal at (906)779-2626 to inquire about evaluation procedures and programs.

LIMITED ENGLISH PROFICIENCY

Limited proficiency in the English language should not be a barrier to equal participation in the instructional or extracurricular programs of the District. It is, therefore the policy of this District that those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extracurricular program offered by the District. Parents should contact the administrative office at **(906) 779-2610** to inquire about evaluation procedures and programs offered by the District.

STUDENT RECORDS

The School District maintains many student records including both directory information and confidential information.

Neither the Board nor its employees shall permit the release of the social security number of a student, or other individual except as authorized by law (see AG 8350). Documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Directory information includes:

- A. a student's name;
- B. address;
- C. telephone number;
- D. date and place of birth;
- E. major field of study;
- F. participation in officially recognized activities and sports;
- G. height and weight, if member of an athletic team;
- H. dates of attendance;
- I. date of graduation;
- J. awards received;
- K. honor rolls;
- L. scholarships;

- M. school photographs or videos of students participating in school activities, events or programs.

The Board designates school-assigned e-mail accounts as “directory information” for the limited purpose of facilitating students’ registration for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes and for inclusion in internal e-mail address books. School-assigned e-mail accounts shall not be released as directory information beyond this/these limited purpose(s) and to any person or entity but the specific online educational service provider and internal users of the District's Education Technology.

Directory information can be provided upon request to any individual, other than a for-profit organization, even without the written consent of a parent. Parents may refuse to allow the Board to disclose any or all of such “directory information” upon written notification to the Board. For further information about the items included within the category of directory information and instructions on how to prohibit its release you may wish to consult the Board’s annual *Family Education Rights and Privacy Act* (FERPA) notice which can be found at SHPS.org.

Other than directory information, access to all other student records is protected by (FERPA) and Michigan law. Except in limited circumstances as specifically defined in State and Federal law, the School District is prohibited from releasing confidential education records to any outside individual or organization without the prior written consent of the parents, or the adult student, as well as those individuals who have matriculated and entered a postsecondary educational institution at any age.

Confidential records include test scores, psychological reports, behavioral data, disciplinary records, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records. Costs for copies of records may be charged to the parent. To review student records please provide a written notice identifying requested student records to the building principal. You will be given an appointment with the appropriate person to answer any questions and to review the requested student records.

Parents and adult students have the right to amend a student record when they believe that any of the information contained in the record is inaccurate, misleading or violates the student’s privacy. A parent or adult student must request the amendment of a student record in writing and if the request is denied, the parent or adult student will be informed of their right to a hearing on the matter.

Individuals have a right to file a complaint with the United States Department of Education if they believe that the District has violated FERPA.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the District’s curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an un-emancipated minor, his/her parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or his/her parents;

- B. mental or psychological problems of the student or his/her family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or his/her parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, the Superintendent shall ensure that procedures are established whereby parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Superintendent will provide notice directly to parents of students enrolled in the District of the substantive content of this policy at least annually at the beginning of the school year, and within a reasonable period of time after any substantive change in this policy. In addition, the Superintendent is directed to notify parents of students in the District, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when the following activities are scheduled or expected to be scheduled:

- A. activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information for otherwise providing that information to others for that purpose); and
- B. the administration of any survey by a third party that contains one or more of the items described in A through H above.

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with:

STUDENT FEES, FINES, AND SUPPLIES

Iron Mountain Public Schools may charge fees and/or fines. The fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property. The school and staff do not make a profit.

The District will provide all basic supplies needed to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or desire to help conserve the limited resources for use by others. The teacher or appropriate administrator may recommend useful supplies for these purposes. (See Policy 6152)

Fees may be waived in situations where there is financial hardship.

Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment. The fine will be used to pay the damage, not to make a profit.

Late fines can be avoided when students return borrowed materials promptly. Their use may be needed by others.

Failure to pay fines, fees, or charges may result in further disciplinary action.

STUDENT FUND-RAISING

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fundraisers.

- () Students involved in the fund-raiser must not interfere with students participating in other activities when soliciting funds.
- () Students must not participate in a fund-raising activity for a group in which they are not members without the approval of the student's counselor.
- () Students may not participate in fundraising activities off school property without proper supervision by approved staff or other adults.
- () Students may not engage in house-to-house canvassing for any fundraising activity.

- () Students who engage in fund raisers that require them to exert themselves physically beyond their normal pattern of activity, such as "runs for", will be monitored by a staff member in order to prevent a student from overextending himself/herself to the point of potential harm.
- () Students may not participate in a fund-raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the Principal.

STUDENT VALUABLES

Students are encouraged not to bring items of value to school. Items such as jewelry, expensive clothing, electronic equipment, and the like, are tempting targets for theft and extortion. The School cannot be responsible for their safe-keeping and will not be liable for loss or damage to personal valuables.

REVIEW OF INSTRUCTIONAL MATERIALS AND ACTIVITIES

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education. Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the School. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

MEAL SERVICE

The Board believes the development of healthy behaviors and habits with regard to eating cannot be accomplished by the District alone. It will be necessary for the school staff, in addition to parents and the public at large, to be involved in a community-wide effort to promote, support, and model such healthy behaviors and habits. Parents interested in being involved should contact Wanda Sherman, Food Service Director, at (906) 779-2610.

The school participates in the National School Lunch Program and makes lunches available to all students for a fee breakfast (Elementary \$2.00, MS/HS \$3.50, Reduced Price \$0.30) and lunch (Elementary \$3.00, MS/HS \$3.50, Reduced Price \$0.40). Students may also bring their own lunch to school to be eaten in the school's cafeteria. No student shall be allowed to leave school premises during the lunch period without specific written permission granted by the principal.

Applications for the school's Free and Reduced-Priced Meal program are distributed to all students. If a student does not receive one and believes that s/he is eligible, contact Mrs. Peggy Geyser, front office secretary, at (906) 779-2626.

FIRE, LOCK DOWN AND TORNADO DRILLS

The school complies with all fire safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers who will be responsible for safe, prompt, and orderly evacuation of the building. The alarm signal for fire drills consists of a loud continuous series of tones.

Tornado drills will be conducted during the tornado season using the procedures provided by the State. The alarm signal for tornadoes is different from the alarm signal for fires and lock down drills and consists of a continuous series of loud horn like signals.

Lock down drills in which the students are restricted to the interior of the school building and the building secured will occur a minimum of two (2) times each school year. The alarm system for a school lock down is different from the alarm system for fires and tornadoes and consists of a PA announcement.

EMERGENCY CLOSINGS AND DELAYS

If the school must be closed or the opening delayed because of inclement weather or other conditions, the School will notify the following radio and television stations:

Results Broadcasting (all local radio stations)

Channel 3 WJMN Marquette

Channel 10 ABC10UP

Channel 6 NBC News

SwiftAlert

Local Radio Station

Parents and students are responsible for knowing about emergency closings and delays.

PREPAREDNESS FOR TOXIC AND ASBESTOS HAZARDS

The School is concerned for the safety of students and attempts to comply with all Federal and State Laws and Regulations to protect students from hazards that may result from industrial accidents beyond the control of school officials or from the presence of asbestos materials used in previous construction. A copy of the School District's *Preparedness for Toxic Hazard and Asbestos Hazard Policy* and asbestos management plan will be made available for inspection at the Board offices upon request.

VISITORS

Visitors, particularly parents, are welcome at the school. In order to properly monitor the safety of students and staff, each visitor must report to the office upon entering the school to obtain a pass. Any visitor found in the building without a pass shall be reported to the principal. If a person wishes to confer with a member of the staff, s/he should call for an appointment prior to coming to the School, in order to schedule a mutually convenient time.

Students may not bring visitors to school without prior written permission from the Principal.

USE OF THE LIBRARY

In order to avoid late fees, all materials checked out of the library must be returned to the Library within two weeks.

USE OF SCHOOL EQUIPMENT AND FACILITIES

Students must receive the permission of the teacher before using any equipment or materials in the classroom and the permission of the Principal to use any other school equipment or facility. Students will be held responsible for the proper use and protection of any equipment or facility they are permitted to use.

LOST AND FOUND

The lost and found area is outside the main office. Students who have lost items should check there and may retrieve their items if they give a proper description. Unclaimed items will be given to charity at the close of the school year.

STUDENT SALES

No student is permitted to sell any item or service in school without the approval of the principal or assistant principal. Violation of this may lead to disciplinary action.

USE OF TELEPHONES

Office telephones are not to be used for personal calls. Except in an emergency, students will not be called to the office to receive a telephone call. Telephones are available in the school for students to use when they are not in class. Students are not to use telephones to call parents to receive permission to leave school. Office personnel will initiate all calls on behalf of a student seeking permission to leave school.

ADVERTISING OUTSIDE ACTIVITIES

Students may not post announcements or advertisements for outside activities without receiving prior approval from the principal. The principal will try to respond to requests for approval within twenty-four (24) hours of their receipt.

SECTION II - ACADEMICS

FIELD TRIPS

Field trips are academic activities that are held off school grounds. There are also other trips that are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent. Attendance rules apply to all field trips.

GRADING PERIODS

Students in first through fourth grades shall receive a report card at the end of each (9) week period indicating their grades for each course of study for that portion of the academic term. Early kindergarten and kindergarten students will receive a report card twice a year, at the end of the semester and the end of the school year.

When a student appears to be at risk of failure, notification will be provided to the parents so they can talk with the teacher about what actions can be taken to improve poor grades.

PROMOTION, PLACEMENT, AND RETENTION

Elementary

Promotion to the next grade (or level) is based on the following criteria:

1. current level of achievement
2. potential for success at the next level
3. emotional, physical, and/or social maturity

ON-LINE/BLENDED LEARNING PROGRAM

The District shall provide eligible students the option of participating in on-line or blended learning courses. The purpose of the program is to make instruction available to eligible students using on-line and distance education technology in both traditional and nontraditional classroom settings. The District must make all eligible students and their parents or guardians aware of this program.

A. Definitions

1. **On-Line Learning** - Means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which students and their teachers are separated by time or location, or both, and in which the teacher is responsible for determining appropriate instructional methods for each student, diagnosing learning needs, assessing student learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.
2. **Blended Learning** - A hybrid instructional delivery model where students are provided content, instruction, and assessment in part at the classroom, with a teacher, and in part through internet-connected learning environments with some degree of student control over time, location, and pace of instruction.

B. Program Eligibility

The District shall offer a program for students in K-12.

The District may offer a full time or part time program for grade 9-12 students enrolled in dropout prevention, academic intervention, core courses to meet graduation requirements, or dual enrollment programs.

C. Student Eligibility

1. Students eligible for the District on-line/blended learning program must meet at least one (1) of the following conditions:
 - a. The student has spent the prior school year in attendance at a public school in this State and was enrolled and reported by a public school district.
 - b. The student is a dependent child of a member of the United States Armed Forces who was transferred within the last twelve (12) months to Michigan from another state or foreign country pursuant to the parent's permanent change of station orders.
2. Only students enrolled in grades 6 to 12 are eligible to enroll in an On-Line Learning course. Students in grades K-5 are only eligible to participate in Blended Learning Courses.

D. Course Availability and Access

1. The District shall provide access to enroll and participate in the available courses and shall award credit, as may be appropriate, for successful completion. Access shall be available to eligible students during or after the school day and during summer school enrollment. The District will provide at least one (1) of the following:
 - a. On-line Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-D.
 - b. Virtual Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.
 - c. Independent Study, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.
2. The District shall enroll an eligible student in up to two (2) on-line courses as requested by the student during an academic term, semester, or trimester. Consent from the student's parent or legal guardian must be obtained for students under the age of eighteen (18).
3. The District will provide two (2) or fewer courses per semester in Grades K-5 and one (1) or more courses per semester in Grades 6-12. If students are taking more than two (2) courses per semester, the guidance found in the Pupil Accounting Manual 5-0-B shall be followed and seat time waivers obtained.
4. An eligible student may enroll in an on-line course published in the District on-line course syllabus, as described in section 8

below, or the statewide catalog of on-line courses maintained by the Michigan virtual university.

5. The District may deny a student enrollment in an on-line course if any of the following apply, as determined by the District:
 - a. The student has previously gained the credits provided from the completion of the on-line course.
 - b. The on-line course is not capable of generating academic credit.
 - c. The on-line course is inconsistent with the remaining graduation requirements or career interests of the student.
 - d. The student does not possess the prerequisite knowledge and skills to be successful in the on-line course or has demonstrated failure in previous on-line coursework in the same subject.
 - e. The on-line course is of insufficient quality or rigor. If the District denies a student enrollment for this reason, the District shall make a reasonable effort to assist the student to find an alternative course in the same or a similar subject that is of acceptable rigor and quality.
 - f. If a student is denied enrollment in an on-line course by the District, the student may appeal the denial by submitting a letter to the Superintendent. The appeal must include the reason provided by the District for not enrolling the student and the reason why the student is claiming that the enrollment should be approved.

The Superintendent shall respond to the appeal within five (5) days after it is received. If the Superintendent determines that the denial of enrollment does not meet one (1) or more of the reasons specified in subsection 4(E)i.-vi., the District shall allow the student to enroll in the on-line course.

6. An on-line learning student shall have the same rights and access to technology in his/her District's school facilities as all other students enrolled in that District.
7. If a student successfully completes an on-line course, as determined by the District, the District shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A student's school record and transcript shall

identify the on-line course title as it appears in the on-line course syllabus.

8. The enrollment of a student in one (1) or more on-line courses shall not result in a student being counted as more than 1.0 full-time equivalent student under this act.

E. Nonresident Applicants

1. The District shall determine whether or not it has capacity to accept applications for enrollment from nonresident applicants in on-line courses and may use that limit as the reason for refusal to enroll an applicant.
2. If the number of nonresident applicants eligible for acceptance in an on-line course does not exceed the capacity of the District to provide the on-line course, the District shall accept for enrollment all of the nonresident applicants eligible for acceptance.
3. If the number of nonresident applicants exceeds the District's capacity to provide the on-line course, the District shall use a random draw system.

F. Requirements Specific to On-Line Learning Courses

To offer an on-line course, the District must:

1. Provide the Michigan Virtual University with the course syllabus in a form and method prescribed by the Michigan virtual university for inclusion in a statewide on-line course catalog.
2. Provide on its publicly accessible website a link to the course syllabi for all of the on-line courses offered by the District, as described in section 8, and a link to the statewide catalog of on-line courses maintained by the Michigan virtual university.
3. Offer the on-line course on an open entry and exit method, or aligned to a semester, trimester, or accelerated academic term format.

HOMEWORK

The assignment of homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the State mandated test and graduation.

Homework will not generally be used for disciplinary reasons but only to enhance the student's learning.

COMPUTER TECHNOLOGY AND NETWORKS

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board provides Education Technology so that students can acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board of Education provides students with access to the Internet for limited educational purposes only and utilizes online educational services to enhance the instruction delivered to its students. The District's Internet system does not serve as a public access

service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of the District's computers, laptops, tablets, personal communication devices (computers, laptops, tablets, e-readers, cellular/mobile telephones, smartphones, and any other web-enabled device), network, and Internet connection and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

This policy and its related administrative guidelines and the Student Code of Conduct also govern students' use of their personal communication devices (computers, laptops, tablets, e-readers, cellular/mobile telephones, smartphones, and any other web-enabled device), when connected to the District's network, the District's Internet connection, and online educational services ("Education Technology" or "Ed-Tech"). The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

First, and foremost, the Board may not be able to technologically limit access, to services through its Educational Technology to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures which protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. The Superintendent or Technology Director may temporarily or permanently unblock access to websites or online education services containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

Parents/guardians are advised that a determined user may be able to gain access to services on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents/guardians may find inappropriate, offensive, objectionable or controversial. Parents/Guardians assume risks by consenting to allow their child to participate in the use of the Internet. Parents/Guardians of minors are responsible for setting and conveying the standards that their children should follow when using Education Technology. The Board supports and respects each family's right to decide whether to apply for independent student access to the Education Technology.

The technology protection measures may not be disabled at any time that students may be using the Education Technology, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

Pursuant to Federal law, students shall receive education about the following:

- A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications
- B. the dangers inherent with the online disclosure of personally identifiable information
- C. the consequences of unauthorized access (e.g., "hacking") cyberbullying and other unlawful or inappropriate activities by students online, and
- D. unauthorized disclosure, use, and dissemination of personal information regarding minors

Staff members shall provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities of students while at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

Building Principals are responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying guidelines. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of the Education Technology. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. **All Internet users (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying guidelines.**

Students will be assigned a school email account that they are required to utilize for all school-related electronic communications, including those to staff members and individuals and/or organizations outside the District with whom they are communicating for school-related projects and assignments. Further, as directed and authorized by their

teachers, they shall use their school-assigned email account when signing-up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students and staff members are responsible for good behavior on the Board's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Education Technology that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Students shall not access social media for personal use from the District's network, but shall be permitted to access social media for educational use in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users of the Board's Education Technology are personally liable, both civilly and criminally, for uses of the Education Technology not authorized by this Board policy and its accompanying guidelines.

The Board designates the Superintendent and the Technology Director as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to the use of the District's Education Technology and the Internet for instructional purposes.

SECTION III - STUDENT CONDUCT

ATTENDANCE

School Attendance Policy

It is imperative that students attend each school day in order not to miss a significant portion of their education. Many important learnings result from active participation in classroom and other school activities, which cannot be replaced by individual study.

[] Attendance is important in the development of a high quality work ethic, which will be a significant factor in a student's success with future employers. One of the most important work habits that employers look for in hiring and promoting

a worker is his/her dependability in coming to work every day and on time. This is a habit the School wants to help students develop as early as possible in their school careers.

Truancy

Unexcused absence from school (truancy) is not acceptable. Students who are truant will receive no credit for schoolwork that is missed. After (10) days of truancy per semester, a student will be considered a "habitual truant" which can result in:

- (x) a hearing before a judge in a court of law;
- (x) a report to local authorities concerning lack of parental responsibility in providing proper care and supervision of a child.

At about the fifth (5th) day of unexcused absences, and/or tardies per semester/per class, an early intervention letter will be sent home to parents advising them about school attendance and their child's current attendance record.

At about the seventh (7th) day of unexcused absences, and/or tardies per semester/per class, a second letter requesting parents/guardians meet with the principal and appropriate school staff will be sent home.

At about the Twentieth (10th) day of unexcused absences, and/or tardies per semester/per class, a referral letter will be sent home to parents advising the matter has been sent to the attendance officer.

- Any student exceeding twenty (20) absences in a semester will not be allowed to attend or participate in all extracurricular or co-curricular activities associated with that semester and will not be allowed any recovery opportunity. This includes all absences excused and unexcused. Students with extenuating circumstances may contact the high school principal to discuss the matter leading to excessive absenteeism.

Excused Absences

Students may be excused from school for one or more of the following reasons and will be provided an opportunity to make-up missed school work and/or tests: illness, recovery from accident, required court attendance, professional appointments, death in the immediate family, observation or celebration of a bona fide religious holiday and such other good cause as may be acceptable to the Superintendent.

Students with a health condition that causes repeated absence are to provide the school office with an explanation of the condition from a registered physician.

Parents must provide an explanation for their child's absence within 24 hours after the student has first been marked absent. They are to call the attendance office at (906) 779-2626 and explain the reason for the absence. If the absence can be foreseen and the "good cause" must be approved by the principal, the parent should arrange to discuss the

matter as many days as possible before the absence will occur so that arrangements can be made to assist the student in making up the missed schoolwork.

Students who are excusably absent for more than (10) days in a grading period, regardless of the reasons, will be considered "frequently absent". If there is a pattern of frequent absence for "illness", the parents will be required to provide a statement from a physician describing the health condition that is causing the frequent illness and the treatment that is being provided to rectify the condition. Without such a statement, the student's permanent attendance record will indicate "frequent unexplained illness", a possible sign of poor work ethic and irresponsible behavior.

Suspension from School

Absence from school due to suspension shall be considered an authorized absence, neither excused or unexcused. A suspended student is not to be on school grounds or at any school-sponsored events, for any reason during the time of the suspension, unless given permission by school administration. This rule applies to athletes and practices.

Note: A student who is suspended from another learning institution for disciplinary reasons, i.e., tech center, will be considered suspended from Iron Mountain Public Schools. A student must comply with all policies and procedures as if that student was suspended from the local school district. This pertains to being on school grounds, and all extra-curricular activities.

A suspended student will be responsible for making up school work lost due to suspension. It is recommended that a student complete missed assignments during the suspension and turn them into the teacher upon his/her return from school. Assignments may be obtained from the front office beginning with the second day of a suspension. Make up of missed tests may be scheduled when the student returns to school.

The student will be given credit for properly completed assignments and a grade on any made-up tests.

Excusable, Non Approved Absence

If a student is absent from school because of suspension or vacation, the absence will not be considered a truancy, and she/he may be given the opportunity to make up the schoolwork that is missed.

Unexcused Absences

Any student who is absent from school for all or any part of the day without a legitimate excuse shall be considered truant and the student and his/her parents shall be subject to the truancy laws of the State.

[x] No credit shall be given for any school work not completed because of truancy.

Notification of Absence

If a student is going to be absent, the parents must contact the school (906) 779-2626 by 9:00am and provide an explanation. If prior contact is not possible, the parents should provide a written excuse within 24 hours. When no excuse is provided, the absence will be unexcused and the student will be considered truant. If the absence of a student appears to be questionable or excessive, the school staff will try to help parents improve their child's attendance.

An excused absence allows the student to make up all possible work. It is the responsibility of the student to obtain missed assignments. It is possible that certain kinds of schoolwork such as labs or skill-practice sessions cannot be made up and, as a result, may negatively affect a student's grade.

[x] If the absence is unexcused or unauthorized by the principal, a student may not make up the work.

The skipping of classes or any part of the school day is considered an unexcused absence and no make-up of class work will be permitted. Disciplinary action will follow.

Tardiness

Elementary Level

A student who is not in his/her assigned location by 8:10 shall be considered tardy. Any student arriving late to school is to report to the school office before proceeding to class.

Vacations During the School Year

Parents are encouraged not to take their child out of school for vacations. When a family vacation must be scheduled during the school year, the parents should discuss the matter with the principal and the student's teacher(s) to make necessary arrangements. We request that all vacations during the school year be scheduled in advance and the student fill out a prearranged absence form which can be obtained from the main office. It is the student's responsibility to have this form signed by all the student's teachers, obtain work that will be missed during the time the student is out of school, and be prepared to hand in the missing work upon return back to school.

Make-up of Tests and Other School Work

Students who are excusably absent from school or who have been suspended shall be given the opportunity to make-up work that has been missed. The student should contact their teachers or the front office secretary, depending on the nature of the absence, as soon as possible to obtain assignments.

[x] Make-up work due to suspension must be completed by the time the student returns to school.

[x] Make up work for an excused absence is to be completed and turned in within a length of time equal to the time you were absent

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, without interfering with their schoolwork and home activities. Enthusiastic spectators help to build school spirit and encourage those students who are participating in the event.

However, in order to ensure that students attending evening events as nonparticipants are properly safe-guarded, it is strongly advised that students be accompanied by a parent or adult chaperone when they attend the event. The School will not be able to supervise unaccompanied students nor will it be responsible for students who arrive without an adult chaperone.

The school will continue to provide adequate supervision for all students who are participants in a School activity. Students must comply with the Code of Conduct at school events, regardless of the location.

CODE OF CONDUCT

A major component of the educational program at Iron Mountain Public Schools is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

- (x) abide by national, State, and local laws as well as the rules of the school;
- (x) respect the civil rights of others;
- (x) act courteously to adults and fellow students;
- (x) be prompt to school and attentive in class;
- (x) work cooperatively with others when involved in accomplishing a common goal, regardless of the other's ability, gender, race, religion, height, weight, disability, or ethnic background;
- (x) complete assigned tasks on time and as directed;
- (x) help maintain a school environment that is safe, friendly, and productive;
- (x) act at all times in a manner that reflects pride in self, family, and in the school.

Dress and Grooming

While fashion changes, the reason for being in school does not. Students are in school to learn. Any fashion (dress, accessory, or hairstyle) that disrupts the educational process or presents a safety risk will not be permitted. Personal expression is permitted within these general guidelines.

Students should consider the following questions when dressing for school:

- Does my clothing expose too much? (no)
- Does my clothing advertise something that is prohibited to minors? (no)
- Are there obscene, profane, drug-related, gang-related, or inflammatory messages on my clothing? (no)
- Would I interview for a job in this outfit? (yes)
- Am I dressed appropriately for the weather? (yes)
- Do I feel comfortable with my appearance? (yes)

If a student has selected a manner of appearance that is beyond mere freedom of expression and disrupts the educational process or presents risk to themselves or others, they may be removed from the educational setting.

The following styles or manners of dress are prohibited:

- Clothing with obscene, rude, or suggestive printing, including, but not limited to alcohol, cigarettes, inappropriate musical group insignia, sexual innuendos, or drug advertisement will not be permitted.
- Clothes must be worn properly so as undergarments are not visible. This prohibits low cut pants/shorts that display undergarments, as well as nightshirts, pajamas, and other bedtime attire.
- Tank tops and muscle shirts will not be permitted. Shirts must have sleeves that adequately cover the shoulders, and shirts must be long enough to cover the midriff area at all times. Low-cut shirts, blouses, and dresses that expose cleavage are not considered appropriate attire.
- Shorts and pants with holes cannot have holes in areas that are above the acceptable height for what is permissible with skirts and shorts. Shorts, skirts, dresses, etc., that are worn must be at least finger-tip length. Clothing with writing on the seat are not permitted.
- Shoes or sandals must be worn at all times. Slippers are not considered appropriate footwear.
- Sunglasses are not to be worn in the building unless prescribed by a doctor.
- “Sagging” pants/shorts will not be permitted.
- Leggings, Jeggings, Spandex, Biking Shorts, and other tight fitting body forming material is only allowed to be worn if the student is wearing a shirt/sweater or other apparel that covers both the front and back of the student below the private areas. If the student chooses to wear this type of apparel and does not have something long enough to cover themselves they will be asked to change. Refusal to follow this request will be considered insubordination and additional discipline will be imposed.

The dress code may be partially set aside for special activity days only with the approval of the administration. The above list is not all-inclusive; and the administration reserves the right to determine the appropriateness and acceptability of appearance. Students that come to school with inappropriate dress will be asked to call home to have a parent bring them appropriate clothing. Students will not be allowed to class without appropriate clothing. Students that cannot secure appropriate attire will sit in the in-

school suspension/PASS room for the day. Repeated violations will result in additional school consequences.

Students who are representing Iron Mountain Public Schools at an official function or public event may be required to follow specific dress requirements. Usually, this applies to athletic teams, cheerleaders, bands, and other such groups.

Gangs

Gangs which initiate, advocate, or promote activities, which threaten the safety or well being of persons or which are disruptive to the school environment are not tolerated.

Incidents involving initiations, hazing, intimidations, or related activities, which are likely to cause harm or personal degradation, are prohibited.

Students wearing, carrying, or displaying gang paraphernalia or exhibiting behaviors or gestures, which symbolize gang membership or causing and/or participating in activities which are designed to intimidate another student will be disciplined.

Care of Property

Students are responsible for the care of their own personal property. The school will not be responsible for personal property. Valuables such as jewelry, cell phones, iPods, electronic devices, or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

Damage to or loss of school equipment and facilities wastes taxpayers' money and undermines the school program. Therefore, if a student does damage to or loses school property, the student or his/her parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Student Discipline Code.

STUDENT DISCIPLINE CODE

The Board of Education has adopted the following Student Discipline Code. The Code includes the types of misconduct that will subject a student to disciplinary action. The Board has also adopted the list of behaviors and the terms contained in the list.

It is the school staff's responsibility to provide a safe and orderly learning environment. History has shown that certain student actions are not compatible with a "safe" and "orderly" environment. In addition, learning to follow rules and procedures and interact with others in an appropriate manner is a part of the educational process. Discipline is within the sound discretion of the School's staff and administration. Due process ensures that disciplinary action is imposed only after review of the facts and/or special circumstances of the situation.

To help achieve these goals, the following disciplinary guidelines will be followed when a student violates the rules of Iron Mountain Public Schools. **Each repeated violation of rules will result in more severe disciplinary action.** Depending upon the violation,

disciplinary action may be a warning, detention, suspension, removal from extracurricular activities and assemblies, or recommendation to the Board of Education for expulsion. Suspensions may be in-school or out-of-school depending on availability of in-school space and circumstances. The purpose of suspensions is to assure that other students have the opportunity to learn and to impress on the suspended student the serious nature of his/her behavior.

Discipline beyond the classroom level will normally be handled by the principal. After reviewing the incident and the student's explanation of his/her behavior, disciplinary action will be determined. Parents will be notified of disciplinary action that has been taken. A parent conference may be required for readmission to the classes when the problems are severe or persistent. In addition, in some cases depending on the nature of the behavior, a student may be referred to an outside support agency.

The Code of Student Conduct applies before, during, and after school and whenever the student is engaged in a school-related activity. Each student is expected to follow this code of conduct:

- o "At school," meaning in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event, whether or not it is held on school premises.
- o When a student's conduct at any other time or place has a direct and immediate effect on maintaining order and discipline, or on protecting the safety and welfare of students or school district staff.
- o When a student is using school telecommunication networks, accounts, or other district services.

In compliance with State of Michigan's revised school code, the following procedures will be followed:

Before suspending or expelling a pupil for physical assault at school against another student or school employee or contractor, gross misdemeanor/persistent disobedience, possession of a dangerous weapon, arson, criminal sexual conduct, the board of a school district shall consider each of the following factors:

- (a) The pupil's age.
- (b) The pupil's disciplinary history.
- (c) Whether the pupil is a student with a disability.
- (d) The seriousness of the violation or behavior committed by the pupil.
- (e) Whether the violation or behavior committed by the pupil threatened the safety of any pupil or staff member.
- (f) Whether restorative practices will be used to address the violation or behavior committed by the pupil. Restorative Practices are such that emphasize repairing the harm to the victim and the school community caused by a student's misconduct.

(g) Whether a lesser intervention would properly address the violation or behavior committed by the pupil.

This section above does not apply to a pupil being expelled for possessing a firearm in a weapon free school zone.

“The term “firearm” means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.” 18 USC 921 (3)

In cases involving 12th grade students who engage in persistent disobedience or gross misdemeanor, the administration may take away privileges specific to graduating seniors. Such privileges may include but are not limited to, senior awards, commencement, and/or graduation.

The following is a general guide to the action that will be taken. Offenses that are not listed and other factors will be at the discretion of the administrator handling the situation. More severe action may be taken where the offense is very serious or the health and welfare of others is endangered. Willful abuse of school property, such as desks, lockers, doors, and bleachers, will result in disciplinary action. In cases of theft or vandalism, the student will be required to make restitution. Where state or federal laws have been violated, the law enforcement authorities may become involved. Detentions that are not served within one week may result in suspension.

General Rule of Progressive Discipline Procedure

Step 1: Warning and/or up to one-hour detention as determined by teacher and/or administrator.

Step 2: Detention of two hours.

Step 3: PASS Class (Positive Alternative to School Suspension)

Step 4: One (1) day suspension.

Step 5: Three (3) day suspension.

Step 6: Five (5) day suspension.

Step 7: Ten (10) to thirty (30) day suspension. Pending expulsion review.

Step 8: Expulsion.

EXPLANATION OF TERMS APPLYING TO THE STUDENT DISCIPLINE CODE

(Organized by Rule Number)

Each of the behaviors described below may subject the student to disciplinary action including suspension and/or expulsion from school. Expulsion and suspension defined (per MCL 380.1310d).

1. Use of drugs - Action will begin at Step 7 and advance one-step with each violation. Police notification is required.

A student's use or sale of a performance-enhancing substance is a violation that will affect the student's athletic eligibility and extracurricular participation.

The Department of Community Health periodically distributes to the District the list of banned drugs based on bylaw 31.2.3.1 of the National Collegiate Athletic Association. Use of any drugs or substances appearing on this list will affect the student's athletic and extracurricular participation.

The school has a "Drug Free" zone that extends 1000 feet beyond the school boundaries as well as to any school activity and transportation. This means that any activity, possession, sale, distribution, or use of drugs, alcohol, non alcoholic beers, and wines, fake drugs, steroids, inhalants, or look-alike drugs is prohibited. Attempted sale or distribution is also prohibited. If caught, the student could be suspended or expelled and law enforcement officials may be contacted. Sale also includes the possession or sale of over-the-counter medication to another student.

2. Use of Breath-Test Instruments

The principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever s/he has individualized reasonable suspicion to believe that a student has consumed an alcoholic beverage.

The student will be taken to a private administrative or instructional area on school property with at least one (1) other member of the teaching or administrative staff present as a witness to the test.

The purpose of the test is to determine whether the student has consumed an alcoholic beverage. The amount of consumption is not relevant, except where the student may need medical attention.

If the result indicates a violation of school rules as described in this handbook, the student will be disciplined in accordance with disciplinary procedures described in this handbook. If a student refuses to take the test, s/he will be advised that such denial will be considered an admission of alcohol use with the consequent discipline invoked. The student will then be given a second opportunity to take the test.

3. Use of tobacco - Police notification is required. Action will begin at step 5 and advance one-step with each violation. Police notification is required. Restorative practices will be considered and used as alternative consequence.

Smoking and other tobacco uses are a danger to a student's health and to the health of others. The school prohibits the sale, distribution, use, or possession of any form of tobacco or smoking/vaping related products or similar devices during school time or at

any school activity. This prohibition also applies when going to and from school and at school bus stops. Violations of this rule could result in suspension or expulsion. "Use of tobacco" shall mean all uses of tobacco, including cigars, cigarettes, or pipe tobacco, chewing tobacco, snuff, or any other matter or substance that contains tobacco, in addition to papers used to roll cigarettes. The display of unlighted cigars, cigarettes, pipes, other "smoking" paraphernalia or tobacco products on one's person is also prohibited by this policy. Vaping products include vaping liquid and vaporizers, dab pens, or e-cigarettes of any kind.

4. Student disorder/demonstration

Students will not be denied their rights to freedom of expression, but the expression may not infringe on the rights of others. Disruption of any school activity will not be allowed. If a student (or students) feels there is need to organize some form of demonstration, s/he is encouraged to contact the Principal to discuss the proper way to plan such an activity. Students who disrupt the school may be subject to suspension or expulsion.

5. Possession of a weapon - Dangerous Weapons, Criminal Sexual Conduct, Arson, Physical Assault to Employee, Volunteer, or contractor. Action will begin at Step 8. Police notification is required.

In compliance with State law, the Board shall permanently expel any student who possesses a dangerous weapon in a weapon-free school zone, commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation or physically assaults a school employee or contractor.

In compliance with State law, a student permanently expelled for reasons in this subsection is permanently expelled from all public schools in the state and the officials of a school district shall not allow the individual to enroll in the school district unless the student meets the exception cited below. A student can apply for reinstatement to the district after 180 days.

In matters regarding criminal sexual conduct, because the conduct approximates that described in Revised School Code Section 1311 (2), the District reserved the right to further review this matter and impose disciplinary consequences consistent with Section 1311(2) if the student pleads guilty or no contest to, or is convicted of criminal sexual conduct.

A dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices.

Students shall be subject to disciplinary action (Suspension/Expulsion) as required by statute for such specified offenses as physical and verbal assault (see Policy 5610.01).

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with Board Policy 2461 and Federal due process rights appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines, which are available in the principal's office.

If a student possesses in a weapon free school zone a weapon that constitutes a dangerous weapon, commits arson in a school building or on school grounds, or commits criminal sexual conduct in a school building or on school grounds, the school board, or the designee of the school board, shall expel the student from the school district permanently, subject to possible reinstatement after 180 days. However, a school board is not required to expel a student for possessing a weapon if the student establishes in a clear and convincing manner at least 1 of the following:

(a) The object or instrument possessed by the pupil was not possessed by the pupil for use as a weapon, or for direct or indirect delivery to another person for use as a weapon.

(b) The weapon was not knowingly possessed by the pupil.

(c) The pupil did not know or have reason to know that the object or instrument possessed by the pupil constituted a dangerous weapon.

(d) The weapon was possessed by the pupil at the suggestion, request, or direction of, or with the express permission of, school or police authorities.

Exception: After considering the totality of the circumstances, a student may be considered for an appropriate alternative education program.

6. Use of an object as a weapon - Action will begin at Step 7 and advance one-step with each violation. Police notification is required.

Any object that is used to threaten, harm, or harass another may be considered a weapon. This includes but is not limited to padlocks, pens, pencils, laser pointers, jewelry and so on. Intentional injury to another can be a felony and/or a cause for civil action. This violation may subject a student to expulsion.

Mace/Pepper Spray/OC- Spray, etc, are prohibited on school property at any time. The discharge of mace/pepper spray/OC Spray is a potential threat to the health and safety of students and staff. Any student found in violation of this policy shall be subject to discipline.

7. Knowledge of Dangerous Weapons or Threats of Violence

Because the Board believes that students, staff members, and visitors are entitled to function in a safe school environment, students are required to report knowledge of dangerous weapons or threats of violence to the principal. Failure to report such knowledge may subject the student to discipline.

8. Purposely setting a fire - Action will begin at Step 8. Police notification is required.

Anything, such as fire, that endangers school property and its occupants will not be tolerated. Arson is a felony, and will subject the student to expulsion.

9a. Physically assaulting a person employed by or engaged as a volunteer or contractor by the school. Action will begin at Step 8 and advance one-step with each violation. Police notification is required

If a pupil enrolled in grade 6 or above commits a physical assault at school against a person employed by or engaged as a volunteer or contractor by the school board and the physical assault is reported to the school board, school district superintendent, or building principal by the victim or, if the victim is unable to report the assault, by another person on the victim's behalf, then the school board, or the designee of the school board on behalf of the school board, shall expel the pupil from the school district permanently, subject to possible reinstatement after 180 days.

9b. Physically assaulting a student:

If a pupil enrolled in grade 6 or above commits a physical assault at school against another pupil and the physical assault is reported to the school board, school district superintendent, or building principal, then the school board or the designee of the school

board as described in section 1311(1) on behalf of the school board shall suspend or expel the pupil from the school district for up to 180 school days.

10. Verbally threatening a staff member/student/person associated with the District - Action will begin at Step 7 and advance one-step with each violation. Police notification is required.

Verbal threats will result in suspension or expulsion from the school district for a period of time as determined by the school board. Verbal threats are a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

11. Extortion - Action will begin at Step 7 and advance one-step with each violation. Police notification is required.

12. Gambling Action will begin at Step 7 and advance one-step with each violation.

Gambling includes casual betting, betting pools, organized-sports betting, and any other form of wagering. Students who bet on an activity in which they are involved may also be banned from that activity. Violations of this rule could result in suspension or expulsion.

13. Falsification of school work, identification, forgery - Action will begin at Step 3 and advance one step with each violation.

Forgery of hall/bus passes and excuses as well as false I.D.'s are forms of lying and are not acceptable.

Plagiarism and cheating are also forms of falsification and dishonest behavior, and may subject the student to academic penalties as well as disciplinary action. PLAGIARISM - Plagiarism is using others' ideas and words without clearly acknowledging the source of that information. CHEATING IS A FORM OF PLAGIARISM. To avoid plagiarism, you must give credit whenever you use:

- another person's idea, opinion, or theory
- any facts, statistics, graphs, drawings—any pieces of information—that are not common knowledge
- quotations of another person's actual spoken or written words
- paraphrase of another person's spoken or written words

Violations of this rule could result in suspension or expulsion.

14. False alarms, false reports, and bomb threats - Action will begin at Step 7 and advance one-step with each violation.

15. Explosives - Action will begin at Step 5 and advance one-step with each violation.

Explosives, fireworks, and chemical-reaction objects such as smoke bombs, bottle bombs, small firecrackers, and poppers are forbidden and dangerous. Violations of this rule could result in suspension or expulsion.

16. Trespassing - Action will begin at Step 4 and advance one-step with each violation. Police notification may result.

Although schools are public facilities, the law does allow the school to restrict access on school property. If a student has been removed, suspended, or expelled, the student is not allowed on school property without authorization of the Principal. In addition, students may not trespass onto school property at unauthorized times or into areas of the school determined to be inappropriate. Violations of this rule could result in suspension or expulsion.

17. Theft - Action will begin at Step 4 and advance one-step with each violation. Police notification may result.

When a student is caught stealing school or someone's property, s/he will be disciplined and may be reported to law enforcement officials. Students are encouraged not to bring anything of value to school that is not needed for learning without prior authorization from the teacher or administration. The school is not responsible for personal property. The approximate value of the property will be used to determine a level of discipline including suspension and/or expulsion.

18. Disobedience/Insubordination - Action will begin at Step 3 and advance one-step with each violation.

School staff is acting "in loco parentis," which means they are allowed, by law, to direct a student as would a parent. This applies to all staff, not just teachers assigned to a

student. If given a reasonable direction by a staff member, the student is expected to comply. The school board, or the school district superintendent, a school building principal, or another school district official if designated by the school board, may authorize or order the suspension or expulsion from school of a pupil guilty of gross misdemeanor or persistent disobedience if, in the judgment of the school board or its designee, as applicable, the interest of the school is served by the authorization or order.” RSC 1311 (1).

Gross misdemeanor or persistent disobedience is defined as misconduct that is not necessarily a criminal act, but behavior that is more than a trivial offense and is persistent in nature.

Vandalism and disregard for school property will not be tolerated. Violations could result in suspension or expulsion depending on approximate value of damaged property.

20. Persistent absence or tardiness - Action will begin at Step 1 and advance one step with each violation.

Attendance laws require students to be in school all day or have a legitimate excuse. It is also important to establish consistent attendance habits in order to succeed in school and in the world-of-work. Excessive absence could lead to suspension from school.

21. Unauthorized use of school or private property - Action will begin at Step 1 and advance one step with each violation.

Students are expected to obtain permission to use any school property or any private property located on school premises. Any unauthorized use shall be subject to disciplinary action. This includes use of the internet and communication networks in a manner not sanctioned by policy and administrative guideline. Violations of this rule could result in suspension or expulsion.

Iron Mountain Public Schools takes the safety of their student body and faculty very seriously. If an altercation takes place while on school property or at a school sponsored event, any persons who choose to videotape the altercation instead of going to a responsible adult for help may be disciplined, which could include suspension depending on the severity of the altercation, the students' school discipline history, or whether the violation of the recording by the student threatened the safety of any student or staff member. Other circumstances, which may warrant a more severe consequence may include whether or not the recording was forwarded to others, and/or the video being posted to social media websites.

A teacher shall ask the student for their cell phone or other device in violation of this policy. Refusal to turn a device over when asked to do so, in violation of this policy, will be considered

insubordination and will follow the steps accordingly with discipline increasing with each repeated violation.

1st Offense Violation: Cell phones out during unauthorized time will be confiscated and returned to the student at the end of day.

2nd Offense: Cell phone out during unauthorized time will be confiscated and returned to a parent or other adult at parent's request at the end of the school day. Discipline will begin at step 1 which will include detention.

3rd and subsequent offenses: Discipline will increase following the steps under progressive discipline procedures.

Except as authorized under Board policy, use of WCDs and electronic storage devices in school, on school property, at after school activities and at school-related functions will be subject to disciplinary action.

The school prohibits the use of any video device from any restroom, locker room or other location where students and staff "have a reasonable expectation of privacy." A student improperly using any device to take or transmit images will face disciplinary action starting at step 6 and up to and including a long-term suspension, loss of privileges, and may be recommended for expulsion.

"Sexting" is prohibited at any time on school property or at school functions. Sexting is the electronic transmission of sexual messages or pictures, usually through cell phone text messaging. Such conduct not only is potentially dangerous for the involved students, but can lead to unwanted exposure of the messages and images to others, and could result in criminal violations related to the transmission or possession of child pornography. Such conduct will be subject to discipline and possible confiscation of the WCD.

Taking or transmitting images or messages during testing is also prohibited. If a student is caught transmitting images or messages during testing, s/he will fail the exam and/or be suspended. S/He also faces automatic withdrawal from the class depending on the severity of the incident. Loss of privileges is an accompanying penalty, and expulsion is a possibility, even on the first offense.

Iron Mountain Public Schools Bylaws & Policies

1662 - ANTI-HARASSMENT

General Policy Statement

It is the policy of the Board of Education to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on school property, or at another location if such conduct occurs during an activity sponsored by the Board.

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
- B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
- C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.
- B. Unwanted physical and/or sexual contact.
- C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.
- D. Unwelcome verbal expressions of a sexual nature, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

- E. Sexually suggestive objects, pictures, videotapes, audio recordings or literature, placed in the work or educational environment, which may embarrass or offend individuals.
- F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.
- G. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.
- H. Remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.
- I. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.
- J. Inappropriate boundary invasions by a District employee or other adult member of the School District community into a student's personal space and personal life.
- K. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

NOTE: Sexual conduct/relationships with students by District employees or any other adult member of the School District community is prohibited, and any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge and/or with respect to the application of this policy to District employees or other adult members of the School District community.

Race/Color Harassment

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the

characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

Religious (Creed) Harassment

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

National Origin/Ancestry Harassment

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

Reports and Complaints of Harassing Conduct

Members of the School District community, which includes all staff, and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other District official who receives such a complaint shall file it with the District's Anti-Harassment Compliance Officer at his/her first convenience.

Members of the School District community or third parties who believe they have been unlawfully harassed by another member of the School District community or a third party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular

programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying, aggressive behavior and/or harassment to one of the Anti-Harassment Compliance Officers who shall investigate the allegation in accordance with this policy. While the Compliance Officer investigates the allegation, the Principal shall suspend his/her Policy 5517.01 investigation to await the Compliance Officer's written report. The Compliance Officer shall keep the Principal informed of the status of the Policy 1662 investigation and provide him/her with a copy of the resulting written report.

The names, titles, and contact information of these individuals will be published annually in the parent handbooks and on the School District's website.

The Compliance Officers will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the District community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of

the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

The Compliance Officers shall accept complaints of unlawful harassment directly from any member of the School District community or a visitor to the District, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint either directly or through a school building administrator, a Compliance Officer will begin either an informal or formal process (depending on the request of the member of the School District community alleging harassment or the nature of the alleged harassment), or the Compliance Officer will designate a specific individual to conduct such a process. In the case of a formal complaint, the Compliance Officer will prepare recommendations for the Superintendent or will oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of harassment that are reported to them to the Compliance Officer within two (2) business days of learning of the incident.

Any Board employee who directly observes unlawful harassment of a student is obligated, in accordance with this policy, to report such observations to one of the Compliance Officers within two (2) business days. Thereafter, the Compliance Officer or designee must contact the student, if age eighteen (18) or older, or the student's parents if under the age eighteen (18), within two (2) business days to advise s/he/them of the Board's intent to investigate the alleged misconduct, including the obligation of the Compliance Officer or designee to conduct an investigation following all the procedures outlined for a formal complaint.

Investigation and Complaint Procedure (See Form 1662 F1)

Any employee or other member of the School District community or third party (e.g., visitor to the District) who believes that s/he has been subjected to unlawful harassment may seek resolution of his/her complaint through either the informal or formal procedures as described below. Further, a process for investigating claims of harassment and a process for rendering a decision regarding whether the claim of legally prohibited harassment was substantiated are set forth below.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The informal and formal procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission ("EEOC").

Informal Complaint Procedure

The goal of the informal complaint procedure is to stop inappropriate behavior and to investigate and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the School District community, or third party who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a

precursor to the filing of a formal complaint and will only be utilized where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in such process.

Employees, other members of the School District community, or third parties who believe that they have been unlawfully harassed or retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

However, all complaints of harassment involving a District employee, any other adult member of the School District community, or a third party against a student will be formally investigated. Similarly, any allegations of sexual violence will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully harassed and s/he is able and feels safe doing so, the individual should tell or otherwise inform the harasser that the conduct is unwelcome and must stop. Such direct communication should not be utilized in circumstances involving sexual violence. The complaining individual should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the harasser of his/her complaint is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully harassed may make an informal complaint, either orally or in writing: 1) to a teacher, other employee, or building administrator; 2) directly to one of the Compliance Officers; and/or 3) to the Superintendent or other District-level employee.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below on his/her own, or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide employees, other members of the School District community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful harassment, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the individual about how to communicate the unwelcome nature of the behavior to the alleged harasser.

- B. Distributing a copy of the anti-harassment policy as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works or attends.

- C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting between the individual claiming harassment and the individual accused of harassment to work out a mutual resolution. Such a meeting is not appropriate in circumstances involving sexual violence.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal

complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes she/he has been subjected to offensive conduct/harassment/retaliation hereinafter referred to as the "Complainant", may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, Superintendent, or other District employee. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, Superintendent, or other District employee, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer or designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in, offensive conduct/harassment/retaliation; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral

interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work

assignment or schedule for the Complainant and/or the alleged harasser. In making such a determination, the Compliance Officer should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions s/he deems appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation.

Simultaneously, the Compliance Officer will inform the individual alleged to have engaged in the harassing or retaliatory conduct, hereinafter referred to as the "Respondent", that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the Compliance Officer or a designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer or the designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful harassment. The Compliance Officer's recommendations must be based upon the totality of the circumstances, including the ages and maturity levels of those involved. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer or the designee, the Superintendent must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional

investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the Superintendent must issue a final written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the date of the Superintendent's final decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representative within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the member of the School District community or third party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

Privacy/Confidentiality

The School District will employ all reasonable efforts to protect the rights of the Complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent.

During the course of a formal investigation, the Compliance Officer or his/her designee will instruct all members of the School District community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that s/he learns or that s/he provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in

accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.

Retaliation

Any act of retaliation against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation is prohibited.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any school teacher or school employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the school regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the Superintendent.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent or designee shall provide appropriate information to all members of the School District community related to the implementation of this policy shall provide training for District students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

- L. copies of the Board policy and/or procedures/guidelines used by the District to conduct the investigation, and any documents used by the District at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the District’s records retention schedule.

5517.01 - BULLYING AND OTHER AGGRESSIVE BEHAVIOR TOWARD STUDENTS

It is the policy of the District to provide a safe and nurturing educational environment for all of its students.

This policy protects all students from bullying/aggressive behavior regardless of the subject matter or motivation for such impermissible behavior.

Bullying or other aggressive behavior toward a student, whether by other students, staff, or third parties, including Board members, parents, guests, contractors, vendors, and volunteers, is strictly prohibited. This prohibition includes written, physical, verbal, and psychological abuse, including hazing, gestures, comments, threats, or actions to a student, which cause or threaten to cause bodily harm, reasonable fear for personal safety or personal degradation.

Demonstration of appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of administrators, faculty, staff, and volunteers to provide positive examples for student behavior.

This policy applies to all "at school" activities in the District, including activities on school property, in a school vehicle, and those occurring off school property, if the student or employee is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the school's control, or where an employee is engaged in school business. Misconduct occurring outside of school may also be disciplined if it interferes with the school environment.

Notification

Notice of this policy will be **annually** circulated to and posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

Parents or legal guardians of the alleged victim(s), as well as of the alleged aggressor(s), shall be promptly notified of any complaint or investigation as well as the results of the investigation to the extent consistent with student confidentiality requirements. A record of the time and form of notice or attempts at notice shall be kept in the investigation file.

To the extent appropriate and/or legally permitted, **confidentiality** will be maintained during the investigation process. However, a proper investigation will, in some circumstances, require the disclosure of names and allegations. Further, the appropriate authorities may be notified, depending on the nature of the complaint and/or the results of the investigation.

Reporting

No later than May 30, 2015, the District shall submit to the Department of Education a copy of this Policy.

The District shall report incidents of bullying to the Department of Education on an annual basis according to the form and procedures established by the Department of Education.

Should this Policy be amended or otherwise modified, the District shall submit a copy of the amended or modified Policy to the Department of Education no later than thirty (30) days after adopting the modification.

Implementation

The Superintendent is responsible to implement this policy, and may develop further guidelines, not inconsistent with this policy.

This policy is not intended to and should not be interpreted to interfere with legitimate free speech rights of any individual. However, the District reserves the right and responsibility to maintain a safe environment for students, conducive to learning and other legitimate objectives of the school program.

Procedure

Any student who believes s/he has been or is the victim of bullying, hazing, or other aggressive behavior should immediately report the situation to the Principal or assistant principal. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the Superintendent. Complaints against the Superintendent should be filed with the Board President.

A student may also submit a report or complaint to any of the above designated individuals through email, voicemail, regular mail or by leaving a sealed note addressed to the individual at that person's office or desk. The student may submit a report or complaint anonymously, but this may affect the ability to fully investigate the matter, when the complaining student is not available to provide additional information during the course of the investigation.

The identity of a student who reports bullying, hazing or aggressive behavior, as well as those students who provide information during an investigation will remain confidential to the extent possible and to the extent allowable by law. Only school personnel directly involved in the investigation of the complaint or responsible for remedying any violations will be provided access to the identity of the complaining student(s) and student witnesses, and then only to the extent necessary to effectively deal with the situation.

The identity of the student who files the report or complaint will not be voluntarily shared with the alleged perpetrator(s) or the witnesses unless the student (and his/her parent/guardian) give written permission to do so. Any investigation report will likewise not be voluntarily produced with the names of the reporting student(s) or witnesses. However, under certain circumstances, the District may be required by law to disclose the report and/or the student(s) names. Also, under certain circumstances, the identity of the reporting student may become obvious even without disclosure by school personnel.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior directed toward a student. Reports shall be made to those identified above. While reports may be made anonymously, formal disciplinary action may not be taken solely on the basis of an anonymous report without other corroborating evidence.

The Principal (or other designated administrator) shall promptly investigate and document all complaints about bullying, aggressive or other behavior that may violate this policy. The investigation must be completed as promptly as the circumstances permit after a report or complaint is made.

If the investigation finds an instance of bullying or aggressive behavior has occurred, it will result in prompt and appropriate remedial action. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement or other appropriate officials.

If, during an investigation of a reported act of harassment, intimidation and/or bullying/cyberbullying, the Principal or appropriate administrator believes that the

reported misconduct may have created a hostile learning environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the Principal will report the act of bullying and/or harassment to one of the Anti-Harassment Compliance Officers so that it may be investigated in accordance with the procedures set forth in Policy 5517 - Anti-Harassment.

The individual responsible for conducting the investigation shall document all reported incidents and report all verified incidents of bullying, aggressive or other prohibited behavior, as well as any remedial action taken, including disciplinary actions and referrals, to the Superintendent. The Superintendent shall submit a compiled report to the Board on an annual basis.

Non-Retaliation/False Reports

Retaliation or false allegations against any person who reports, is thought to have reported, files a complaint, participates in an investigation or inquiry concerning allegations of bullying or aggressive behavior (as a witness or otherwise), or is the target of the bullying or aggressive behavior being investigated, is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy, independent of whether a complaint of bullying is substantiated. Suspected retaliation should be reported in the same manner as bullying/aggressive behavior.

Making intentionally false reports about bullying/aggressive behavior for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

Prevention/Training

The Superintendent shall establish a program or other initiatives involving school staff, students, clubs or other student groups, administrators, volunteers, parents, law enforcement, community members, and other stakeholders, aimed at the prevention of bullying or other aggressive behavior.

The District shall provide, and all administrators, school employees, contracted employees and volunteers who have significant contact with students shall undertake training on preventing, identifying, responding to, and reporting incidents of bullying and other aggressive behavior.

The District shall provide, and all students shall undertake, annual training on preventing, identifying, responding to, and reporting incidents of bullying, cyber bullying and other aggressive behavior.

The District shall provide and all parents or legal guardians shall be offered the opportunity to undertake annual training on preventing, identifying, responding to, and reporting incidents of bullying, cyber bullying and other aggressive behavior.

Definitions

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, hazing, harassment or other aggressive behavior, regardless of whether it fits a particular definition, s/he should report it immediately and allow the administration to determine the appropriate course of action.

"Aggressive behavior" is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student's educational, physical, or emotional well-being. Such behavior includes, for example, bullying, hazing, stalking, intimidation, menacing, coercion, name-calling, taunting, making threats, and hitting/pushing/shoving.

"At School" is defined as in a classroom, elsewhere on school premises, on a school bus or other school-related vehicle, or at a school-sponsored activity or event whether or not it is held on school premises. It also includes conduct using a telecommunications access device or telecommunications service provider that occurs off school premises if either owned by or under the control of the District.

"Bullying" is defined as any written, verbal, or physical acts, including cyber bullying (i.e. any electronic communication, including, but not limited to electronically transmitted acts, such as internet, telephone or cell phone, personal digital assistant (PDA), or wireless hand held device) that, without regard to its subject matter or motivating animus, is intended or that a reasonable person would know is likely to harm one (1) or more students either directly or indirectly by doing any of the following:

- A. substantially interfering with educational opportunities, benefits, or programs of one (1) or more students;
- B. adversely affecting the ability of a student to participate in or benefit from the school district's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
- C. having an actual and substantial detrimental effect on a student's physical or mental health; and/or
- D. causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Bullying can be physical, verbal, psychological, or a combination of all three. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling; taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation. This may occur in a number of different ways, including but not limited to notes, emails, social media postings, and graffiti.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature, often on the basis of age, race, religion, color, national origin, marital status or disability, but may also include sexual orientation, physical characteristics (e.g., height, weight, complexion), cultural background, socioeconomic status, or geographic location

(e.g., from rival school, different state, rural area, city, etc.).

"Intimidation/Menacing" includes, but is not limited to, any threat or act intended to: place a person in fear of physical injury or offensive physical contact; to substantially damage or interfere with person's property; or to intentionally interfere with or block a person's movement without good reason.

"Staff" includes all school employees and Board members.

"Third parties" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

For further definition and instances that could possibly be construed as:

Harassment, see Policy 5517;

Hazing, see Policy 5516.

32. Possession of a Firearm, Arson, and Criminal Sexual Conduct - Action will begin at Step 8. Police notification required.

In compliance with State law, the Board shall permanently expel any student who possesses a dangerous weapon in a weapon-free school zone or commits either arson or criminal sexual conduct in a District building or on District property, including school buses and other school transportation.

A dangerous weapon is defined as "a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles" or other devices designed to or likely to inflict bodily harm, including, but not limited to, air guns and explosive devices.

Students shall be subject to disciplinary action (Suspension/Expulsion) as required by statute for such specified offenses as physical and verbal assault (see Policy 5610.01).

Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with Board Policy 5610 and Federal due process rights appropriate to students with disabilities. A student who has been expelled under this policy may apply for reinstatement in accordance with guidelines, which are available in the principal's office.

Criminal acts

Any student engaging in criminal acts at or related to the school will be reported to law enforcement officials as well as disciplined by the school. It is not considered double jeopardy (being tried twice for the same crime), when school rules and the law are violated.

Students should be aware that state law requires that school officials, teachers, and appropriate law enforcement officials be notified when a student of this District is involved in crimes related to physical violence, gang related acts, illegal possession of a controlled substance, analogue or other intoxicants, trespassing, property crimes, including but not limited to theft and vandalism, occurring in the school as well as in the community.

Safety Concerns

Students should not use roller blades, bicycles, skateboards, scooters, or any other form of personal transportation device in school hallways or District pedestrian traffic areas. Exceptions may be made to reasonably accommodate students with mobility impairments. Use of any means of travel within buildings and on grounds by other than generally accepted practices where appropriate is prohibited. Students violating this expectation will be subject to disciplinary action.

Profanity - Action will begin at Step 1 and advance one-step with each violation.

Any behavior or language, which in the judgement of the staff or administration, is considered to be obscene, disrespectful, vulgar, profane and/or violates community held standards of good taste will be subject to disciplinary action.

DISCIPLINE

It is important to remember that the school's rules apply going to and from school, at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the principal's responsibility to keep things orderly. In all cases, the School shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

Two types of discipline are possible, informal, and formal.

Informal Discipline

Informal discipline takes place within the school. It includes:

- writing assignments;
- change of seating or location;
- lunch-time after-school detention;
- in-school restriction;

Detentions

A student may be detained after school or asked to come to school early by a teacher, after giving the student and his/her parents one (1) day's notice. The student or his/her parents are responsible for transportation.

In-School Discipline

A student missing any portion of his/her assigned time in in-school suspension may be given an additional (2) hour period. Failure to timely serve in-school suspension assignment(s) may lead to advanced levels of discipline such as out of school suspensions. Any such suspension shall be in accordance with District guidelines on suspension and expulsion.

The following rules shall apply to in-school suspensions:

- Students are required to have class assignments with them.
- Students are not to communicate with each other unless given special permission to do so.
-
- Students are to remain in their designated seats at all times unless permission is granted to do otherwise.
- Students shall not be allowed to put their heads down or sleep.
- No radios, phones, iPods, cards, magazines, or other recreational articles shall be allowed to be used in the room;
- No food or beverages shall be consumed.

Formal Discipline

Formal discipline removes the student from school. It includes emergency removal for up to seventy-two (72) hours, suspension for up to ten (10) school days, and expulsion from school. Suspensions and expulsions may carry over into the next school year. Removal for less than one (1) school day without the possibility of suspension or expulsion may not be appealed. Suspension and expulsion can be appealed.

Students being considered for suspension or expulsion are entitled to an informal hearing with the building administrator, prior to removal, at which time the student will be notified of the charges against him/her and given an opportunity to make a defense.

If a student is suspended, the parents may appeal the suspension, in writing, to the principal and a formal appeal hearing will be held.

Suspension from co-curricular and extra-curricular activities may not be appealed.

When a student is being considered for expulsion, a formal hearing is scheduled with the Board of Education and the parents will be given written notice of the hearing and will be expected to attend. The superintendent then takes testimony and determines if a recommendation to expel is to be made to the Board of Education. This decision may also be appealed. In the case of expulsion, the student remains out of school during the appeal period. Work missed during an expulsion cannot be made up and usually results in a loss of credit.

Students involved in co-curricular and extra-curricular activities such as band and athletics can lose their eligibility for violation of the School rules.

If a student commits a crime while at school or a school-related event, s/he may be subject to school disciplinary action as well as to action by the community's legal system. These are separate jurisdictions and do not constitute double jeopardy (being tried twice for the same crime)

DUE PROCESS RIGHTS

Before a student may be suspended or expelled from school, there are specific procedures that must be followed.

Suspension from School

When a student is being considered for a suspension of ten (10) days or less, the administrator in charge will notify the student of the charges. The student will then be given an opportunity to explain his/her side and the administrator will then provide the student the evidence supporting the charges. After that informal hearing, the principal will make a decision whether or not to suspend. If a student is suspended, s/he and his/her parents will be notified, in writing within one (1) day, of the reason for and the length of the suspension. The suspension may be appealed, within two (2) school days after receipt of the suspension notice, to the principal or assistant principal (another administrator). The request for an appeal must be in writing. Suspension from co-curricular and extra-curricular activities may not be appealed.

During the appeal process,

the student is allowed to remain in school unless safety is a factor. If that is the case, the student shall be immediately removed under the Emergency Removal Procedure.

The appeal shall be conducted in a private meeting and the student may be represented. Sworn, recorded testimony shall be given. If the appeal is heard by the Board of Education, the hearing is governed by the Open Meetings Act. Under the Open Meetings Act, the hearing must be public unless the parents request that the meeting be conducted in a closed session.

When a student is suspended, s/he may make-up work missed while on suspension.

Any learning that cannot be made up such as labs, field trips, skill-practices, or any learning that the student chooses not to make-up may be reflected in the grades earned.

A student being considered for suspension of more than ten (10) days will be given due process as described in the expulsion section below.

Long-term suspension or expulsion from school

When a student is being considered for long-term suspension (more than ten (10) days) or expulsion, the student will receive a formal letter of notification addressed to the parents which will contain:

- * the charge and related evidence;
- * the time and place of the Board meeting;
- * the length of the recommended suspension or a recommendation for expulsion;
- * a brief description of the hearing procedure;
- * a statement that the student may bring parents, guardians, and counsel;
- * a statement that the student and/or parent may bring a translator or request a transfer for hearing impaired students or parents;
- * a statement that the student may give testimony, present evidence, and provide a defense;
- * a statement that the student may request attendance of school personnel who were party to the action or accused the student of the infraction;
- * the ability of the student and/or parent to request, potentially at their own cost, a transcript of the hearing, if Board/hearing officer approved.

Students being considered for long-term suspension or expulsion may or may not be immediately removed from school. A formal hearing is scheduled with the superintendent during which the student may be represented by his/her parents, legal counsel, and/or by a person of his/her choice.

Within five days (as in AG 5610) after notification of long-term suspension or expulsion, the long-term suspension or expulsion may be appealed, in writing, to the superintendent. The appeal will also be formal in nature with sworn testimony before official(s) designated by the Board of Education. The appeal will be heard in an open session unless the student or the student's parent or guardian requests a closed session. Again, the right to representation is available. All opportunity to earn grades or credit ends when a student is expelled.

Iron Mountain Public Schools makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, it is not appealable. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the school principal.

Discipline of Students with Disabilities

Students with disabilities are entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

SEARCH AND SEIZURE

Search of a student and his/her possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board of Education, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the health and safety of others. All searches may be conducted with or without a student's consent.

Students are provided lockers, desks, and other equipment in which to store materials. It should be clearly understood that this equipment is the property of the school and may

be searched at any time if there is reasonable suspicion that a student has violated the law or school rules. Locks are to prevent theft, not to prevent searches. If student lockers require student-provided locks, each student must provide the lock's combination or key to the principal.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. In the course of any search, students' privacy rights will be respected regarding any items that are not illegal or against school policy.

All computers located in classrooms, labs and offices of the District are the District's property and are to be used by students, where appropriate, solely for educational purposes. The District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the District's computer system, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the District retains the right to access information in spite of a password. All passwords or security codes must be registered with the instructor. A student's refusal to permit such access may be grounds for disciplinary action.

STUDENT RIGHTS OF EXPRESSION

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
 - 1. is obscene to minors, libelous, indecent and pervasively or vulgar,
 - 2. advertises any product or service not permitted to minors by law,
 - 3. intends to be insulting or harassing,
 - 4. intends to incite fighting or presents a likelihood of disrupting school or a school event.
 - 5. Presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.

- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to school administration twenty-four (24) hours prior to display.

STUDENT CONCERNS, SUGGESTIONS, AND GRIEVANCES

The school is here for the benefit of the students. The staff is here to assist each student in becoming a responsible adult. If a student has suggestions that could improve the school, s/he should feel free to offer them. Written suggestions may be presented directly to the principal or to the student government.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. Any suggestions, concerns, and grievances may be directed to the principal or to the student government.

A student may have the right to a hearing if the student believes s/he has been improperly denied participation in a school activity or has been subjected to an illegal rule or standard. A student may not petition to have a change in grade.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

The school provides transportation for all students who live farther than 2 miles from school. The transportation schedule and routes are available by contacting the transportation department at (906) 779-2626.

Students may only ride assigned school buses and must board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the principal.

The building principal may approve a change in a student's regular assigned bus stop to address a special need, upon the principal's approval of a note from parent stating the reason for the request and the duration of the requested change.

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow all basic safety rules. This applies to school-owned buses as well as any contracted transportation.

The driver may assign seating or direct students in any reasonable manner to maintain that transportation safety.

Students must comply with the following basic safety rules:

It is the parents' responsibility to inform the bus driver when their child will not be aboard school transportation. The bus will not wait. Drivers will not wait for students who are not at their designated stops on time.

During the trip

Each student shall:

- (x) remain seated while the school transportation is in motion;

The driver will not discharge students at places other than their regular stop at home or at school unless s/he has proper authorization from school officials.

VIDEOTAPES ON SCHOOL BUSES

The Board of Education has installed video cameras on school certain buses to monitor student behavior. Actual videotaping of the students on any particular bus will be done on a random-selection basis.

If a student misbehaves on a bus and his/her actions are recorded on a videotape, the tape will be submitted to the principal and may be used as evidence of the misbehavior. Since these tapes are considered part of a student's record, they can be viewed only in accordance with Federal law.

PENALTIES FOR INFRACTIONS

A student who misbehaves on the bus shall be disciplined in accordance with the Student Discipline Code and may lose the privilege of riding on the bus.

SELF-TRANSPORTATION TO SCHOOL

Parking on school property is a privilege which can be revoked at any time. Students who are provided the opportunity to ride school transportation are encouraged to do so. Students and their parents assume full responsibility for any transportation to and from school not officially provided by the school.

Failure to comply with these rules will result in loss of privileges and/or disciplinary actions for the student.

- [x] When the school provides transportation, students shall not drive to school sponsored event.
- (x) unless written permission is granted by their parents and approved by the Principal.
- (x) Approved student drivers may not transport other students to a school sponsored activity without written permission from the parents of passenger students and approval by the principal.
