

## 2022-2023 North Elementary Course Catalog

These specific online virtual courses listed below are non-essential and are capable of generating credit or grade progression. All courses in this catalog including Optional Extended Learning Opportunity (ELO) have been approved by the IMPS Schools Board of Education and are offered and available to all students (full time, part-time, homeschool, traditional IMPS public students and nonpublic/shared time students).

The courses listed below have a specific ELO component and are optional and do not generate grade or course completion. The ELO's are offered and available to all students (full time, part-time, homeschool, traditional IMPS public students and nonpublic/shared time students) at the Homeschool Partnership located at 800 East E Street with transportation provided by the Iron Mountain Public Schools.

Online classes can be taken once. Multiple levels of certain online courses are offered. Materials for your online course are available within the virtual environment. Computers and District filtered internet services will be furnished. For a comprehensive list of all online courses offered please see Appendix A.

*For the 2022-2023 school year, the board of education will allow instruction of all courses listed in the course catalog as traditional/seated courses to be adapted for delivery in a virtual format.*

This course catalog contains all courses for North Elementary Iron Mountain Public School Students. These courses are available to all Traditional and Non Traditional Students at IMPS. Contact the Guidance Office: Shelly Petrusch: [petruschs@imschools.org](mailto:petruschs@imschools.org)

### KINDERGARTEN CORE TRADITIONAL AND VIRTUAL ONLINE (OL)

#### Reading/Literature:

- Recognizes upper and lowercase letters
- Associate sound with letters
- Recognizes and produces rhyming words
- Retells a story in sequence
- Follows reading and print from left to right
- Recognize and know the meaning of some frequently used words

- Uses picture clues to make predictions in stories
- Discuss simple story elements and book terminology

#### Mathematics:

- Reads and writes numbers 1-30 in sequence
- Counts orally to 100
- Identifies basic shapes and 3-dimensional objects
- Matches sets and numerals 1-30
- Sort objects by similar characteristics
- Identifies, creates, and explains patterns
- Comparison: big/small, heavy/light, more/less
- Awareness: money, time, and measurement
- Counts by 2's, 5's, and 10's
- Groups objects by ones and tens
- Adds and subtracts by understanding addition and subtraction sentences

#### Social Studies:

- Myself
- Myself and family
- Myself and others (friends)
- Myself and school
- My world
- Distinguishes between yesterday, today, and tomorrow

#### Science:

- Classify living and non-living things
- Uses and interprets simple graphs

- Understands the five senses

## FIRST GRADE CORE TRADITIONAL AND VIRTUAL ONLINE (OL)

### Reading/Literature:

- Demonstrate that reading is a left to right progression
- Identify the author and illustrator of a story
- Tell who, what, where, when and how after reading stories
- Retell a story
- Identify the characters, setting, and what happens in a story
- Identify the main topic and details in a story
- Compare and contrast characters and events in a story
- Understand how words in a story can tell about feelings and the senses
- Understand the difference between fiction and nonfiction
- Understand who is telling a story
- Ask and answer questions to understand new words
- Use words and pictures to understand characters, settings, and plot of a story · Find reasons to support the main idea of a story
- Read and understand first grade fiction and nonfiction
- Use basic text features to help read
- Read with fluency
- Read orally with expression
- Master basic first grade sight words on a weekly basis

### Phonics:

- Recognize the letters of the alphabet
- Recognize the consonant sounds

- Recognize the short vowel sounds
- Recognize the long vowel sounds
- Recognize beginning and ending consonant blends
- Recognize ch, tch, ph, sh, th, wh
- Tell the number of syllables in words
- Read one syllable words

### Mathematics:

- Solve addition and subtraction word problems up to 3 whole numbers
- Understand the commutative and associative properties of addition
- Use addition to solve a subtraction problem
- Add facts within 20
- Understand what an equal sign means
- Find missing numbers in addition and subtraction problems
- Count to 120
- Understand how many tens and ones are in a number
- Compare two digits using greater and less than, and equal to symbols
- Count to help add and subtract
- Tell if addition and subtraction equations are true
- Use manipulatives and pictures to help solve problems within 100
- Use math strategies to help solve problems within 100
- Find ten more or ten less using mental math
- Subtract multiples of 10 under 100 and explain
- Put three objects in order from longest to shortest
- Tell the length of an object using whole numbers
- Tell and write time using hours and half-hours using a clock

- Organize and understand data
- Understand, build, and draw shapes
- Make two-dimensional shapes, new shapes, and divide them into parts  $\frac{1}{2}$ ,  $\frac{1}{4}$

### Social Studies

- Families and Schools: In first grade students continue to explore the social studies disciplines of history, geography, civics, government, and economics through an integrated approach using the context of school and family. This is the student's first introduction to social institutions as they draw upon knowledge learned in kindergarten to develop more sophisticated understandings of each discipline.

### Science:

- Sorting by properties
- Animal life
- Weather
- The sun warms the Earth

## SECOND GRADE CORE TRADITIONAL AND VIRTUAL ONLINE (OL)

### Reading/Literature:

- Reading skills
- Phonics/encoding/decoding
- Vocabulary building
- Comprehension: setting, character, events, problem, resolutions, main idea, sequencing, fact/opinion, predicting, and summarizing
- Students will be exposed to various types of literature: Fiction- poetry, fables, fantasy, and folktales; Nonfiction- biographies, informational print, and newspaper

### Mathematics:

- Identify 2 and 3 digit numbers

- Demonstrate understanding of patterning concepts
- Demonstrate understanding of place value
- Developing skills in: addition and subtraction using various methods, time, money, geometry, and fractions
- Apply problem solving skills
- Develop and interpret graphs, tables and charts
- Apply basic calculator functions
- Multiplication

### Social Studies

- The theme for Social Studies is communities
- Map skills
- Rural communities
- Urban and suburban communities
- Time and chronology of past events
- Current events and seasonal topics as related to the overall theme
- Core democratic values-diversity, individual rights, and liberty
- Geography

### Science:

- Life cycles of plants
- Classifying animals – differences
- Changes in matter: solids, liquids, and gases
- Water Cycle
- Weather
- Energy: sound and light

### THIRD GRADE CORE TRADITIONAL AND VIRTUAL ONLINE (OL)

### Reading/Literature:

- Students will be exposed to various types of literature including: Fiction: Poetry, Realistic Fiction, Historical Fiction, Plays, Folktales (i.e. fables, legends, myths, and tall tales) Nonfiction: \_\_\_\_\_ Biographies, Articles, and Informational Texts

### Mathematics:

- Emphasis is placed on critical thinking and computational skills in problem solving for real-life situations.
- Round to the nearest 10 and 100
- Add and subtract 4-digit numbers and estimate sums and differences
- Understand and use number notation through 100,000
- Read clocks to the nearest minute: determine elapsed time
- Recognize and count coins and bills: make change
- Name two and three dimensional shapes: identify properties
- Identify angles, lines, line segments, rays, and geometric figures
- Measure and use units for length, weight, temperature, capacity, and time
- Estimate and understand the meaning of area, perimeter, and volume
- Demonstrate an understanding of fractions and decimals
- Use, make, and interpret tables and graphs
- Application of basic multiplication and division facts
- Apply a multitude of problem solving strategies
- Identify and use properties of addition and multiplication

### Social Studies

- The students will primarily focus on the geography and history of Michigan and the Great Lakes.
- Core democratic values
- Decision making

### Science:

- Students will learn the scientific method using the Investigative Journals. The major themes in third grade science:

- \*Life cycles of plants and animals
- \*Seed plants
- \*Environments/Biomes
- \*Motion of common objects
- \*Simple machines
- \*Magnets
- \*Sound
- \*Earth, sun, and moon

### FOURTH GRADE CORE TRADITIONAL AND VIRTUAL ONLINE (OL)

#### Reading/Literature:

- Students will engage in a variety of texts with emphasis on Michigan genre. They will understand story structure and other aspects of literature. They will be able to relate this information to others.
- Understand story structure, author's purpose, theme and main idea
- Understand various fictional forms, various non-fictional forms
- Demonstrate comprehension: summarize, sequence
- Understand fact/opinion, cause/effect, predict and support

#### Mathematics:

- Instruction focuses on establishing skills and abilities that involve problem solving about life situations with respect to:
  - Measurement (money, linear-U.S. and metric, time)
  - Fractions/Decimals
  - Geometry
  - Numeration (place value to 1 million)
  - Critical thinking and problem solving

- Graphing (bar graphs, line graphs, circle graphs)
- Computational skills: Mastery of +,- through five places, Mastery of multiplication facts through 10, Mastery of 2-digit multiplication, Introduction to division (3 digit divided by 1 digit)

### Social Studies

- Students will focus primarily on the study of Michigan, which includes History, Geography and Economics, Civics, Core Democratic Values

### Science:

- Actively participate in investigations by using the scientific method
- Interpret findings scientifically in a variety of modes (graphs, journals, drawings, oral reports)
- Distinguish and compare information learned in each of the three major areas of science covered, including earth science, life science, and physical science
- Apply scientific findings to their everyday lives
- Topics studied include: Ecosystems (animal habitats), Atmosphere and Weather, Evolution (adaptations), Hydrosphere (soil and water), Geosphere (rocks and minerals, landforms)

## **Specials/Elective/Non Essential (Traditional and Non-Traditional)**

### Art

- Personal experiences with family, friends, seasons of the year, travel and transportation, plants and animals, exploring materials and processes
- Imaginative experiences
- Recognition and use of line: the nine drawing lines
- Recognition and use of form/shape: Basic geometric shapes
- Recognition and use of two-dimensional space
- Essential characteristics of place and things, use of crayon and paint on various papers in an exploratory way, combine crayon and paint in a resist process, making rubbings or prints from nature and found objects, use expression in illustrations

### Drama

- I can imitate and recreate the sounds of objects, animals and people
- I can recognize a variety of real and non-real characters through guided dramatization

- I can recognize simple scenery, costumes, sound, and props in the dramatic process
- I can recognize characters and setting in stories
- I can recognize sequence of events
- I can describe emotions and thoughts through performance
- I can express various ideas and emotions through a variety of dramatic art forms reflecting life situations
- I can create and demonstrate vocal expression to support the playing of a character
- Voice is audible and adapts tone of voice, facial expressions, and gestures
- I can sustain engagement and encourage the involvement of others
- I can work well with a group, communicate ideas and feelings, and support the contribution of others
- I develop self-awareness, develop imagination, think independently, work cooperatively, improve communication skills, express a healthy release of emotions and build social awareness.

### Music/Dance/Movement

- Performing, creating and responding to music and dance are the fundamental music processes in which humans engage. Students, particularly in Developmental Kindergarten through Fourth grade, learn by doing. Singing, playing instruments, moving to music, dancing, and creating music, enable them to acquire skills and knowledge that can be developed in no other way. Learning to read and notate music gives them a skill with which to explore music independently and with others. Listening to, moving and interpreting music and dance, are important building blocks of creative learning. Further, to participate fully in a diverse, global society, students must understand their own historical and cultural heritage and those of others in their communities and beyond. Because music and dance are basic expressions of human culture, every student in the Iron Mountain Public School System has access to a balanced, comprehensive, and sequential program of music, and dance study.

### Physical Education

- Personal and Social Skills
  - Provide growth and development of personal skills through individual and cooperative activities that would encourage LIFETIME participation.
  - Provide an atmosphere that allows students to learn fair play, sportsmanship, respect for other students, and playing by the rules
- Personal Fitness
  - Show improvement in physical fitness components such as flexibility, strength, endurance, and body composition
- Physical Skills
  - Demonstrate locomotor skills such as: walking, running, skipping, leaping, galloping, sliding, etc.
  - Demonstrate eye/hand and eye/foot coordination in various activities

- Demonstrate skills in throwing, catching, rolling, bouncing, dribbling, batting, and kicking.
- Participate in fitness testing in such areas as flexibility, strength and endurance.
- Demonstrate non-locomotor and body control skills

Note: The skills developed in Art, Music, Dance/Movement, Drama and Physical Education goes well beyond physical and musical skills. They provide strong connections for readiness in reading and mathematical skill development. Demonstrate eye/hand and eye/foot coordination in various activities.

## **Specials/Elective/Non Essential (Traditional and Non-Traditional) (ONLINE)**

**These specific online virtual courses are non-essential and available to all traditional and non traditional students enrolled through Iron Mountain Public Schools. These courses below are an alternative and exchange to any Specials/Elective/Non Essential (Traditional and Non-Traditional). Online Virtual**

**Courses Generate Course Grade, Course Completion and FTE.**

**Students interested in taking an online virtual course must see the Kathi Moreau, School Guidance Counselor for the listing of courses available and the registration materials. Contact the Guidance Office: Shelly Petrusch: [petruschp@imschools.org](mailto:petruschp@imschools.org)**

**The following specific Online Virtual Courses Generate Course Grade, Course Completion and FTE. Computers and District filtered internet service furnished and available. Only the Online Virtual Course generates grade, completion and FTE.**

**The following specific Online Virtual Courses have an Optional Extended Learning Opportunity (ELO) component with transportation available upon request. Please see ELO Transportation Documentation. Optional Extended Learning Opportunity components are OPTIONAL and do not generate grade, course completion or FTE.**

### **Extended Learning Opportunities Transportation**

**Iron Mountain Public Schools will provide transportation to the Iron Mountain Homeschool Partnership located at 800 East E Street to students who attend**

**North Elementary School of the Arts, East Elementary, Central Middle School, and Iron Mountain High School to attend Iron Mountain Homeschool Partnership Extended Learning Opportunities. A vehicle that is owned by Iron Mountain Public Schools and driven by a certified driver will provide transportation.**

**Online Classes can be taken once. Multiple levels of certain courses are offered. Materials for your online course are available within the virtual environment. Computers and District filtered internet service furnished.**

**Iron Mountain Teachers of Record are responsible for the content, delivery, quality and assessment components of the online virtual courses within the established time frame.**

**ONLINE VIRTUAL COURSES are Anytime Anywhere any Place.**

**If interested in any Online Virtual course and/or the Optional ELO component, contact Student Services. Shelly Petrusch: [petruschp@imschools.org](mailto:petruschp@imschools.org)**

## **PHYSICAL EDUCATION**

### **Elementary Phy. Ed. K (Online)**

**58030**

Grade: Kindergarten

**Online Virtual Course Vendor:** Schoology and Edmentum

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 2:00-3:15

Teacher of Record: Samantha Roberts

Elementary Phy. Ed. grade level specific course emphasizes the knowledge, experience, and opportunity to develop skills in more than one conditioning activities and fitness exploration. This course covers standards in Elementary and does not have any prerequisites.

### **Elementary Phy. Ed. 1 (Online)**

**58031**

Grade: First

**Online Virtual Course Vendor:** Schoology and Edmentum

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 2:00-3:15

Teacher of Record: Samantha Roberts

Elementary Phy. Ed. grade level specific course covers the knowledge, experience, and opportunity to develop skills in more than one conditioning activities and fitness exploration. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**Elementary Phy. Ed. 2 (Online)**

**58032**

Grade: Second

**Online Virtual Course Vendor:** Schoology and Edmentum

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 2:00-3:15

Teacher of Record: Samantha Roberts

Elementary Phy. Ed grade level specific course covers the knowledge, experience, and opportunity to develop skills in more than one conditioning activities and fitness exploration. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**Elementary Phy. Ed. 3 (Online)**

**58033**

Grade: Third

**Online Virtual Course Vendor:** Schoology and Edmentum

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 2:00-3:15

Teacher of Record: Samantha Roberts

Elementary Phy.Ed. grade level specific course covers the knowledge, experience, and opportunity to develop skills in more than one conditioning activities and fitness exploration. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**Elementary Phy. Ed. 4 (Online)**

**58034**

Grade: Fourth

**Online Virtual Course Vendor:** Schoology and Edmentum

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 2:00-3:15

Teacher of Record: Samantha Roberts

Elementary Phy. Ed. grade level specific course covers the knowledge, experience, and opportunity to develop skills in more than one conditioning activities and fitness exploration. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

## **MUSIC**

### **Music K (Online)**

**55130**

Grade: K

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday  
9:00-3:15

Teacher of Record: Dawn Kranz

This Music grade level specific course emphasizes theory application, exploring musical compositions, understanding music as creative expression and communication, and refining the ability to discern and critique musical compositions. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

### **Music 1 (Online)**

**55131**

Grade: 1

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday  
9:00-3:15

Teacher of Record: Dawn Kranz

This Music grade level specific course emphasizes theory application, exploring musical compositions, understanding music as creative expression and communication, and refining the ability to discern and critique musical compositions. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

### **Music 2 (Online)**

**55132**

Grade: 2

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday  
9:00-3:15

Teacher of Record: Dawn Kranz

This Music grade level specific course emphasizes theory application, exploring musical compositions, understanding music as creative expression and communication, and refining the ability to discern and critique musical compositions. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**Music 3 (Online)**

**55133**

Grade: 3

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday  
9:00-3:15

Teacher of Record: Dawn Kranz

This Music grade level specific course emphasizes theory application, exploring musical compositions, understanding music as creative expression and communication, and refining the ability to discern and critique musical compositions. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**Music 4 (Online)**

**55134**

Grade: 4

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday  
9:00-3:15

Teacher of Record: Dawn Kranz

This Music grade level specific course emphasizes theory application, exploring musical compositions, understanding music as creative expression and communication, and refining the ability to discern and critique musical compositions. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**General Music K (Online)**

**55136**

Grade: K

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday 9:00-10:00

Teacher of Record: Dawn Kranz

This music grade level specific course emphasizes group concepts of music. Students will learn the basics of movement, rhythm, group singing, listening, music games, and group drumming This is a course that covers standards in Elementary and does not have any prerequisites.

**General Music 1 (Online)**

**55136**

Grade: 1

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday 9:00-10:00

Teacher of Record: Dawn Kranz

This music grade level specific course emphasizes group concepts of music. Students will learn the basics of movement, rhythm, group singing, listening, music games, and group drumming This is a course that covers standards in Elementary and does not have any prerequisites.

**General Music 2 (Online)**

**55136**

Grade: 2

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday 9:00-10:00

Teacher of Record: Dawn Kranz

This music grade level specific course emphasizes group concepts of music. Students will learn the basics of movement, rhythm, group singing, listening, music games, and group drumming This is a course that covers standards in Elementary and does not have any prerequisites.

**General Music 3 (Online)**

**55136**

Grade: 3

**Online Virtual Course Vendor:** Schoology

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time:Thursday 9:00-10:00

Teacher of Record: Dawn Kranz

This music grade level specific course emphasizes group concepts of music. Students will learn the basics of movement, rhythm, group singing, listening, music games, and group drumming This is a course that covers standards in Elementary and does not have any prerequisites.

**General Music 4 (Online)**

**55136**

Grade: 4

**Online Virtual Course Vendor:** Schoology**Online Virtual Course Term:** Semester or Full Year**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 9:00-10:00

Teacher of Record: Dawn Kranz

This music grade level specific course emphasizes group concepts of music. Students will learn the basics of movement, rhythm, group singing, listening, music games, and group drumming This is a course that covers standards in Elementary and does not have any prerequisites.

**ART****Art Crafts K (online)****55165**

Grade: K

**Online Virtual Course Vendor:** Schoology**Online Virtual Course Term:** Semester or Full Year**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 12:30-1:45

Teacher of Record: Samantha Roberts

Art Crafts online courses teach the same lessons as Creative Art—Comprehensive courses, but do so with a focus on crafts. This course focuses on only one type of craft with specific mediums such as food art. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**Art Crafts 1 (online)****55165**

Grade: 1

**Online Virtual Course Vendor:** Schoology**Online Virtual Course Term:** Semester or Full Year**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 12:30-1:45

Teacher of Record: Samantha Roberts

**Art K (online)**

**55180**

Grade: K

**Online Virtual Course Vendor:** Schoology and Lincoln Learning

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 10:30-11:45

Teacher of Record: Samantha Roberts

Art is a grade level specific online course that introduces and reinforces students' understanding in the forms of art. Helping them form an aesthetic framework. Through this framework they can process, judge, and critique art. These courses also explore the place and significance of art in their current society. This is a course that covers standards in Elementary and does not have any prerequisites.

**Art 1 (online)**

**55181**

Grade: 1

**Online Virtual Course Vendor:** Schoology and Lincoln Learning

**Online Virtual Course Term:** Semester or Full Year

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Location: East,

**Optional** ELO (non credit, non grade, non course completion, non FTE generating) Time: Thursday 10:30-11:45

Art is a grade level specific online course that introduces and reinforces students' understanding in the forms of art. Helping them form an aesthetic framework. Through this framework they can process, judge, and critique art. These courses also explore the place and significance of art in their current society. This is a continuation course that covers standards in Elementary and does not have any prerequisites.

**ACADEMIC COACHING/NETWORKING ONLINE (OL)**

**Description: Providing students with remediation and interventions for core essentials. Focus will be on helping students examine their learning styles and assisting with current difficulties or barriers to academic success and supporting their online learning. This will be done through individual direct instruction/academic coaching. Resources for parents on how to assist their child with academic issues will be available. There will also be time for parent discussion and networking regarding academic concerns and sharing of ideas.**
