

December 7, 2020

Dickinson-Iron Tech Center Students and Parents/Guardians,

The December 7, 2020 Michigan Department of Health and Human Services Gathering and Face Mask Order extended the closure of 9-12th grade schools with some exceptions. One of the exceptions relates to Career and Technical Education.

Based on that exception, the **Dickinson-Iron Tech Center will be open for students this Wednesday, December 9th, 2020 for in-person instruction.**

It is important to note that we will continue to maintain the high standards of safety that we have instituted all year at the DIISD Tech Center. The same procedures we have implemented all year with face masks and health screening are required for attendance. We are open for in-person instruction, unless your student is sick or in quarantine. Please call the Dickinson-Iron Tech Center at 906-779-2697 to report your student's absence.

If transportation is required, please contact your local high school office.

We are grateful for the opportunity to serve you and your family, especially as we face this challenging situation together. Thank you for your continued support of our students and their education.

We look forward to seeing your student on Wednesday, 12/9/2020.

Sincerely,

Michael Mulligan,  
DIISD CTE Director/Principal
